**DOUBLE-DECKER  
16 BERTH  
BUS 2**

# Double-Decker 16 Berth

## Max Capacity: 16 bunks

The popular 16 berth layout has been radically redesigned to create this new configuration of two individually divided 8 berth sleeping compartments facilitating male/female or band/crew separate sleeping areas if required.

- All our buses are fully air-conditioned, have land lined air-conditioning (32 amp 3 phase power supply is required at the venue), and have thermostatically controlled central heating systems. Power supply inside the bus is 240V, available whilst driving and on landline power.
- For your safety and security all our vehicles are fitted with GPS tracking devices.

# Amenities

Downstairs we have:

- Fully equipped kitchen with large fridge, bean to cup coffee maker, microwave, kettle, toaster, and sink with hot and cold running water
- Large flatscreen LED backlit TVs connected to a multimedia system with movies stored on hard drives, iPhone/iPad connectivity, all of which run through a Bose sound system
- Playstation 5
- Internet facilities (WiFi pay as you go)
- A fully tiled washroom with fresh water flushing (i.e. not chemical) ceramic toilet
- Electronic keypad entry

Upstairs we have:

- Doors to separate bunk areas from the lounges
- All bunks are made up with high thread count, luxury bed linen and utilise memory foam mattresses
- Front lounge with LED backlit TV, multimedia system, PlayStation 5, Bose surround system, small fridge
